

Walmart Business Problems

1. Payment Methods and Sales Analysis

Question:

What payment methods are used, and how many transactions and items are associated with each method?

Business Value:

Helps understand customer payment preferences and supports strategies to optimize payment options and promotions.

2. Highest-Rated Category by Branch

Question:

Which product category has the highest average rating in each branch?

Business Value:

Identifies top-performing categories at each location, enabling targeted promotions and improving customer satisfaction.

3. Busiest Day by Branch

Question:

Which day of the week has the highest number of transactions for each branch?

Business Value:

Supports better staffing, inventory planning, and operational efficiency during peak business days.

4. Sales Volume by Payment Method

Question:

How many items are sold through each payment method?

Business Value:

Provides insights into customer purchasing behavior and helps evaluate the effectiveness of different payment channels.

5. Category Ratings by City

Question:

What are the average, minimum, and maximum ratings for each category in each city?

Business Value:

Helps understand regional preferences and guides city-specific marketing and product improvement strategies.

6. Profit Analysis by Category

Question:

What is the total profit generated by each category, ranked from highest to lowest?

Business Value:

Identifies high-profit categories, enabling better pricing, product focus, and revenue optimization strategies.

7. Most Common Payment Method per Branch

Question:

What is the most frequently used payment method in each branch?

Business Value:

Helps optimize payment systems and tailor services based on branch-level customer preferences.

8. Sales Distribution by Time of Day

Question:

How are transactions distributed across different time periods (Morning, Afternoon, Evening) for each branch?

Business Value:

Supports workforce planning, inventory management, and targeted promotions based on peak hours.

9. Revenue Decline Analysis (Year-over-Year)

Question:

Which branches experienced the highest decrease in revenue compared to the previous year?

Business Value:

Helps identify underperforming branches and enables timely intervention to improve sales and operational performance.
